Piecing Instructions:

Windows: Sew strip M to strip N on the long sides. Press to the darker fabric. Cutting perpendicular to the seam (Fig. 2), cut four 1½" lengths. Join these in pairs along the short side, window to brick, creating the upper and lower story windows in each strip. Add a piece X to each strip to create the bottom window frame. From the remaining M-N strip, cut one 2½" length for the window over the door. Add piece R to this section to create the bottom frame. Add piece S, the door, to the long side of R.

Columns and Brick: Sew the 2 L strips to each long side of strip F. (Fig. 1) Press to the darker fabric. Cutting perpendicular to the seams, cut two 6" lengths. (Fig. 2) Sew the E strip to the K strip. Cutting perpendicular to the seam, cut two 6" lengths. If the fabrics are directional, cut them into 6" lengths first then assemble.

Assemble the body of the house, using an E-K strip, a 2-window strip (N-M-N-M-X strip), a column strip (L-F-L), the door strip, another column strip, another 2-window strip, and the remaining E-K strip. See diagram for assembly. Embellish the door and windows for the holidays!

Roof: Mark 3½" from the top corners of J. Draw a lightly marked line between these points and the lower corners on the wrong side of the fabric. (Fig. 3) Place one piece D right side up, and place piece J on top wrong side up, with D lined up over the drawn line about ¼". Align the bottoms of both pieces. Pin. Sew on the drawn line. Open the corner and trim D to match the corner of J. Then trim the extra layer of J away from underneath. Repeat on other side.

Chimneys: Sew piece C to piece V. Cutting perpendicular to the seam, cut two 1" lengths. Assemble chimneys to pieces A and B as shown in the diagram.

Complete assembly of the block as shown in the diagram. Press all to the darkest fabric.
