Scrap Mania (or The 45 Special)

Length: 6hr class

Skill level: Confident beginner/advanced

Students 45 patterns utilizing many different setting designs. The class explores different ways to combine blocks and techniques to improve piecing skills. Primary focus is on designing with scraps. Students should leave class with a more relaxed attitude about combining fabrics. A definite confidence builder for beginners and great fun for more advance piecers. I recommend cutting strips to share as most quilters stash represent their favorite colors and therefore limits their scrap study.

PPQ's (Partial Pieced Quilts)

Length: 3hr class

Skill level: All levels

Everyone who has ever pieced must have at least one of these ppq's in their closet. Time to bring them out of storage and rid yourself of the guilt (I've never had this problem). We'll explore finishing techniques and help get you over the block (no pun intended). The floor will be open for any and all discussions relating to quilting.

Plates, Wedges & More!!

Length: 3 or 6hr class

Skill level: All levels

Using [specialty rulers](#) you will make quick work of those pesky fan blades, plates, tumblers and much much more. A great stash buster as well as having a super time. You will need to use special rulers for this class.
